6	4:30 PM – 5:00 PM	Valedictory	

Dear colleagues,

We are conducting a **“slide seminar on oncopathology cases - learning together”** in **Pre-Conference Workshop F-10** during APCON 2025 being held in GMC, Jammu.

Date: Wednesday Dec 3, 2025

Time: 9:00 AM – 5:00 PM

Approx. 25 – 30 Cases of oncopathology (solid as well as hematolymphoid neoplasms) will be discussed under a microscope attached to a big screen. Cases will be up for discussion on our approach and differentials.

How can you join?

1. Bring an interesting case (or two, diagnostic dilemma). We all will discuss it under a microscope and learn together. IHCs are not mandatory. However adequate history would be appreciated for a good discussion. We will be happy to invite you as a faculty for case discussion.
2. Join us even if you do not have a case and participate in discussions and learning.

In addition to your cases, we will have a team of 10-12 expert pathologists and oncopathologists will be with us to discuss and opine on these cases.

Join us in this one day treat on oncopathology slide seminar. It's going to be a good learning experience for all of us.

Thanks and regards

Dr. Jyotsna Suri
Prof. & Head
Organizing Secretary APCON 2025
